The Coalition of Boynton West Residential Associations plans to hold its second night meeting Monday in an effort to attract families and working people who cannot normally make it to its monthly morning meetings.

The first night meeting was held Nov. 30 and featured Palm Beach County School Board member Frank Barbieri, who explained how the school district operates.

The topic for Monday night's meeting is "Youth in Crisis and Intervention" and will include speakers such as Capt. Martin Bechtel of the Palm Beach County Sheriff's Office; David Hanenberger, a licensed clinical social worker; and Gerda Klein, co-founder of the Boynton Beach Mental Health Initiative.

The meeting, which is open to the public, is scheduled to begin at 7 p.m. at the West Boynton Library, 9451 Jog Road.
